## I. INTRODUCTION

### A. COMPANY BACKGROUND

Based in Washington, D.C., ACDI/VOCA is a nonprofit international development organization that delivers technical and management assistance in agribusiness, financial services, enterprise development, community development and food security in order to promote broad-based economic growth and vibrant civil society. For more information, go to [www.acdivoca.org](http://www.acdivoca.org).

### B. PROGRAM BACKGROUND

The IT function at ACDI/VOCA supports 150 employees at its headquarters in Washington, DC and approximately 1,200 field employees in 20+ countries around the world. ACDI/VOCA would like to transition and source their core infrastructure IT support with a Managed Services Provider (MSP) that can provide 24/7 comprehensive managed solution services, for infrastructure management of their systems and to provide on-call capability for break/fix as well as project work.

## II. PURPOSE

The goal of this selection process is to identify an MSP who will provide core systems support to all IT staff whether they are local or remote in a proactive and collaborative manner. The MSP should be a partner working with the business to proactively address its infrastructure needs versus being simply a reactive support agent.

ACDI/VOCA currently has 1 IT manager and 2 internal IT staff members who assist with support services and provides internal helpdesk support for daily operational and systems administration needs. ACDI/VOCA would like to shift the core IT infrastructure, maintenance, and monitoring to a newly selected MSP who can fully service the organizations technology and support needs, freeing up the current internal staff member to focus on more project-based assignments. The ideal MSP will be a “one-stop-shop” for all those IT needs.

Key Goals of this project will be to:

- Provide a high level of excellent and professional IT support
- Provide 24 x 7 monitoring and support for ACDI/VOCA’s network of servers, switches, firewalls and workstations
- Provide proactive support guidance to prevent recurring issues
- Deliver services with a deep, responsive and knowledgeable team of IT support personnel. ACDI/VOCA seeks a firm with a deep bench of skilled engineers experienced in the support of an international organization with staff posted in places with poor connectivity and substantial security challenges
- Provide wholistic IT services in a highly-communicative/engaged manner

If any change causes an increase or decrease in the Subcontractor's cost of, or the time required for, the performance of any part of the Work, whether or not changed by any such change authorization, ACDI/VOCA shall make an equitable adjustment and modify in writing the Subcontract as applicable. Any claim by Subcontractor for an adjustment under this paragraph must be asserted in writing, fully supported by factual information, to ACDI/VOCA's Prime Contracting Officer or designee within thirty (30) calendar days from the date of receipt by Subcontractor of the written change authorization from ACDI/VOCA or within such extension of that 30-day period as ACDI/VOCA, in its sole discretion, may grant in writing at Subcontractor's request prior to expiration of said period. The Subcontractor will not proceed with any changes unless notified to proceed in writing by the Prime Contracting Officer.
